Name _____ Date _____ Period _____

Organelle Function Checklist

Does this organelle:	Mitochondria	Chloroplast	Endoplasmic Reticulum	Golgi body	Ribosome	Cell wall	Cell Membrane	Nucleus	Vacuole	Vesicle	Lysosome	Cytoplasm
provide or harness energy for the cell?												
transport things for the cell?												
store things (water, chemicals, waste) for the cell?												
protect the cell?												
provide structure for the cell?												
make necessary chemicals for the cell?												
contain DNA for the cell?
