

LOCAL FOODS AND FOOD PRESERVATION QUIZ CREATION

Activity Objective: The goal of this activity is to allow you to review material learned in this unit on local foods systems and ways to support them. This also serves as an assessment of your understanding of the unit.

Directions: Using notebook paper, you will create a quiz and a quiz answer key on materials from this unit. Specific requirements for the quiz are below. The quiz must focus on materials covered in the "Exposing the Roots of Local Food Production Unit." After creating your quiz and answer key, you will switch with another student in the classroom and complete his or her quiz. Then, you will return the quiz, "grade" the accuracy of the quiz taken, and turn all components in to your teacher.

Quiz and Answer Key Requirements:

- Title your assignment as seen above and to the right of this box. You must give your name and the name of who took your quiz.
- The quiz must be handwritten in pen.
- Your quiz must be a minimum of 15 questions and no more than 20 questions on any material from Lessons One, Two, or Three of this unit.
- Question material must be taken from all three lessons- no more than ten questions may be taken from any one lesson.
- Questions types may include multiple choice with at least three answer choices, short answer, true or false, or fill-in-the blank. A minimum of five questions MUST be multiple choice.
- The answer key must be created on a separate sheet of paper.
- Example topics to be included in the quiz:
 - Food System Terminology
 - Local Food Sources
 - Food Preservation Techniques
 - Recipe Components and Cooking Techniques
 - Local Food System Advantages and Disadvantages
 - Conventional Food System Advantages and Disadvantages
